

Dear friends and colleagues!

Our friendly and close-knit team has been working successfully and fruitfully for over 40 years, conquering new heights of success. Today we are summing up the results of our difficult but productive work.

It may be said with confidence that our goals have been achieved! We are known and respected!

Our Association celebrates its Anniversary with its head held high! We are leaders in the maritime education market and beyond comparison!

Of course, this is all thanks to you, dear friends!

On this day, I would like to wish our Association, that is, to all of us, to let the fate lead us the right path and to have wealth at home. May your life flow peacefully and quietly, and may misfortunes pass by!

I raise my glass and ask Fortune to never turn its back on us.

With best regards,

Your friend and colleague Vladimir Lanchukovskiy.
